**TIME PERIODS FOR FILING A REPLY TO THIS NOTICE:**

1. Applicant is given **no new time period** if the non-compliant amendment is an after-final amendment or an amendment filed after allowance. If applicant wishes to resubmit the non-compliant after-final amendment with corrections, the **entire corrected amendment** must be resubmitted.
2. Applicant is given **one month**, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the correction, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a *Quayle* action. Applicant's response of 07/16/2007 is found to be non-responsive. Applicant has added new claims 73-76. 37 CFR 1.111 requires applicant to specifically point out "*the specific distinctions believed to render the claims, including any newly presented claims, patentable over any applied references*". Applicant needs to discuss why the newly presented claims are believed to be patentable over the prior art that was applied in the previous office action. This has not been done. Applicant has not discussed any of the newly presented claims and has not discussed any of the claim limitations with respect to the applied prior art. What is it in the claims that applicant believes renders them patentable? A discussion of the claims, the claim limitations, and why they are considered patentable over the applied prior art is required.

Failure to remedy the above deficiencies will result in abandonment of the application. Two notices of non-responsive will not be sent.

Since the above mentioned response appears to be a bona fide attempt to reply, applicant is given a time period of ONE MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF TIME ARE AVAILABLE UNDER 37 CFR 1.136(a). Failure to correct the above noted deficiencies in the next response will result in the abandonment of the application.
